*YOU can design
thousands of different
speedometers, tachometers
and minor gauges.*

Greengauges

puts **YOU** in the driving seat.

Greengauges.com is backed by the most experienced gauge maker in the World, Caerbont Automotive Instruments (CAI).

CAI was originally the SMITHS Instrument Company, and has been designing and manufacturing gauges since the late 19th Century. CAI is an ISO9001 accredited supplier, so quality and reliability is assured. In the unlikely event of you having a problem we offer a three year, no quibble warranty. On our greengauges site you will find a comprehensive range of products, which you can customise to meet your own needs; when you have made your choice, your design will be manufactured just for you. You can change the design at any time, and as often as you wish, up to the point of confirming your order.

We will manufacture and ship your order within 24 hours of receipt, at a very competitive price.

Remember, with greengauges.com
“you design - your choice”

www.greengauges.com

Introducing a **REVOLUTIONARY**

approach to automotive gauge design.

Greengauges puts you in the driving seat.

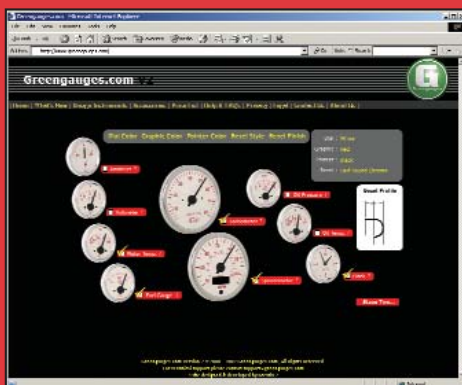

Your choice of:

- 3 dial colours
- 4 dial graphic colours
- 5 bezel styles
- 3 bezel finishes
- 4 pointer colours

Plus:

- 3 sizes of speedometer
- 4 speed readings
- 4 sizes of tachometer

**1000's of combinations
online . . .
www.greengauges.com**

Only greengauges.com offers you the opportunity to design an individual look for your project, interactively and in real time, utilising the amazing power of the Internet.

No longer do you have to be restricted to the standard offerings of the gauge manufacturer.

Colours and finishes shown within this brochure are representational only and are meant as a guide.

specifications

GAUGE	DIAMETER	SCALE OPTIONS	ADDITIONAL ACCESSORIES
Speedometer	80 mm (3 1/8")	140 mph	Magnetic Speed Sensor
	86 mm (3 3/8")	180 mph	Quenched Oscillator Speed Sensor
	100 mm (4")	240 kph	Speed sensor with Reed Switch
		280 kph	
Tachometer	80 mm (3 1/8")	—	—
	86 mm (3 3/8")	—	—
	100 mm (4")	—	—
	140 mm (5 1/2")	—	—
Ammeter	52 mm (2")	-30 to +30	—
		-60 to +60	—
Water Temperature	52 mm (2")	°C	Water Temp Sender 5/8 UNF
		°F	Water Temp Sender 1/8 x 27 NPT
Fuel Gauge	52 mm (2")	—	Fuel Level Sender (10-180 Ohms)
Oil Pressure Gauge	52 mm (2")	bar	Oil Pressure Transducer (10-180 Ohms)
		psi	
Oil Temperature	52 mm (2")	°C	Oil Temp Sender 5/8 UNF
		°F	Oil Temp Sender 1/8 x 27 NPT
Voltmeter	52 mm (2")	—	—
Time Clock	52 mm (2")	—	—
